

C. Environmental Assessment

The National Environmental Policy Act (NEPA) of 1969 (42 U.S.C. 4321 *et seq.*) requires each Federal agency to consider the environmental effects of certain proposed actions. It requires further that these agencies prepare an Environmental Impact Statement for major actions significantly affecting the quality of the human environment. We have reviewed the hazcom proposal in accordance with the requirements of NEPA, the regulations of the Council on Environmental Quality (40 CFR part 1500), and the Department of Labor's NEPA regulations (29 CFR part 11). As a result of this review, we determined that this hazcom proposal would have no significant environmental impact.

D. Protection of Children From Environmental Health Risks and Safety Risks

In accordance with Executive Order 13045, we have evaluated the hazcom proposal for any potential environmental health and safety effects on children and have determined that it would have no adverse effects on children.

E. Consultation and Coordination With Indian Tribal Governments

In accordance with Executive Order 13084, we certify that the hazcom proposal would not impose substantial direct compliance costs on Indian tribal governments. We provided the public, including Indian tribal governments which operate mines, the opportunity to comment on the hazcom proposal and to participate in the public hearings.

F. Unfunded Mandates

The Unfunded Mandates Reform Act of 1995 requires Federal agencies to consider the impact of proposed actions on State, local, and tribal governments. The hazcom proposal would impact about 200 sand and gravel or crushed stone operations that are run by State, local, or tribal governments. We have determined that the hazcom proposal does not include any Federal mandate that may result in increased expenditures by State, local, or tribal governments of more than \$100 million in the aggregate, or increased expenditures by the private sector of more than \$100 million. Moreover, we have determined that the hazcom proposal does not significantly or uniquely affect small governments.

III. Request for Comments

Since we published our hazcom proposal in 1990, Congress has passed

several legislative mandates and the President has issued several Executive Orders affecting the promulgation of regulations. In addition, we did not address a mandate that existed in 1990. With this in mind, we are reopening the rulemaking record for a limited time to provide the public an opportunity to comment on the hazcom proposal's economic and environmental impact and paperwork burden. Allowing time for additional public comments will not delay the promulgation of the final rule.

I encourage all interested parties to take advantage of this opportunity to provide information and express your concerns on the specific issues discussed here. If not responding by electronic mail, we would appreciate receiving your comments on a computer disk along with the original hard copy. Contact us with any questions about format.

You can obtain a copy of our hazcom proposal or PRIA by contacting us at the address or telephone number provided at the beginning of this notice.

Dated: March 23, 1999.

Marvin W. Nichols, Jr.,

Deputy Assistant Secretary for Mine Safety and Health.

BILLING CODE 4510-43-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[CA 211-0127b; FRL-6313-5]

Approval and Promulgation of Implementation Plans; California State Implementation Plan Revision; El Dorado County Air Pollution Control District

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve revisions to the California State Implementation Plan (SIP) which concern the control of oxides of nitrogen (NO_x) emissions from natural gas-fired residential water heaters within the El Dorado County Air Pollution Control District.

The intended effect of proposing approval of this rule is to regulate NO_x emissions in accordance with the requirements of the Clean Air Act, as amended in 1990 (CAA or the Act). In the final rules Section of this **Federal Register**, the EPA is approving the

state's SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision and anticipates no adverse comments. A detailed rationale for this approval is set forth in the direct final rule. If no adverse comments are received, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period. Any parties interested in commenting should do so at this time.

DATES: Written comments must be received by April 29, 1999.

ADDRESSES: Comments should be addressed to: Andrew Steckel, Rulemaking Office, AIR-4, Air Division, U.S. Environmental Protection Agency, Region IX, 75 Hawthorne Street, San Francisco, CA 94105-3901.

Copies of the rule and EPA's evaluation report of the rule are available for public inspection at EPA's Region 9 office during normal business hours. Copies of the submitted rule revisions are also available for inspection at the following locations:

California Air Resources Board,
Stationary Source Division, Rule
Evaluation Section, 2020 "L" Street,
Sacramento, CA 95812

El Dorado County Environmental
Management Department, Air
Pollution Control District, 2850
Fairlane Court, Placerville, CA 95667

FOR FURTHER INFORMATION CONTACT: Ed Addison, Rulemaking Office, AIR-4, Air Division, U.S. Environmental Protection Agency, Region IX, 75 Hawthorne Street, San Francisco, CA 94105-3901
Telephone: (415) 744-1160.

SUPPLEMENTARY INFORMATION: This document concerns El Dorado County Air Pollution Control District's Rule 239, Natural Gas-fired Residential Water Heaters, submitted by the California Air Resources Board to EPA on June 23, 1998. For further information, please see the information provided in the direct final action that is located in the rules section of this **Federal Register**.

Authority: 42 U.S.C. 7401 *et seq.*

Dated: March 11, 1999.

Laura Yoshii,

Deputy Regional Administrator, Region IX.
